Fall 2020 Study Guide - Module Set 2 Vitamins Minerals Vitamins: complete sentences are not required. You may type your response, copy images from the slides, or use other tools complete each answer: 1. What are some characteristics of vitamins? Vitamins and minerals are considered essential nutrients -because acting in concert, they perform hundreds of roles in the body.

Vitamins + Water + Minerals Study Guide bio 247.docx ...

A few minerals exhibit about the same color in a bulk (larger) sample compared to crushed fragments and powder. Check the Mineral Bank for this information. For example, the mineral sulfur typically is yellow-ish in bulk, and its crushed powder tends also to be yellow-ish. Other minerals exhibit a streak that differs in color from the bulk sample.
